

The Seven Steps to Sustainable Tyranny

Since early 2020, when the corona virus exploded out of Wuhan, China, it has been the prime mover utilized to propel the entire world towards a totalitarian state. While many localities are finally enjoying the appearance of a ‘return to normal,’ the fallout from this human catastrophe is still unfolding, which together with the rash of current crises – including wars in the Ukraine and the Middle East, the global food and energy crises, among many other largely manmade events – are being manipulated to realize some very specific goals of the ruling oligarchy. These goals include population reduction, digital financial control of the entire human family, and the institution of a total surveillance state. This totalitarian wish-list is now openly boasted about by these new masters of humankind's destiny.

When one looks on a deeper, spiritual level, though, everything that is currently taking place is ultimately about introducing the **“mark of the beast system”** as revealed by the Apostle John in the Apocalypse (found in the book of Revelation, chapter 13, in the Holy Bible). Other names widely attributed to this phenomenon are the Great Reset, the New World Order, and Agenda 2030, among others. But do not be deceived, for these coming changes are not just about economic policies, they ultimately are the re-telling of an old story, that being the usurping and destruction of God's creation and the natural order by the forces of darkness. If this concept seems strange or perhaps even conspiratorial to you, I'd ask you to keep an open mind as we examine these themes in more detail and what it might mean for you, your loved ones, and the future of the human family, and, lastly, what our response should be to the current state of the world.

1. THE VIRUS

First, viruses exist. They can make people sick. And some of them can be quite dangerous. As with most pathogens, including common variants of the coronavirus, they are usually much more serious for the elderly, infirm, and those with serious underlying medical conditions. While the story of where this virus came from and how it was released into the world continues to be ‘shrouded in mystery,’ and many would say deliberately obfuscated, ample forensic evidence strongly implicates the following: The virus was manipulated in a bioweapons laboratory for the express purpose of making it a more dangerous disease vector (“gain of function”) at the behest of certain actors in the US government health conglomerate (Dr. A. Fauci, among others), and using tax-payer money. This was both illegal and unethical, yet not one of these players has yet been called to task. Some researchers have even hypothesized that the true source of the harmful spike proteins associated with the covid-19 virus are in fact found in nature itself, including snake and marine animal toxins, which may have been incorporated by bioweapons researchers to created this particular variant.

While we were initially subjected to incessant and often ludicrous propaganda from the mainstream media implicating a natural source “wet markets” for this infection, stemming from bats and pangolins, initial reports (some as early 2020) that this virus

had escaped from a bioweapons lab in Wuhan were scoffed at or repressed. However, as more information is being revealed, it certainly appears that this virus had from its very inception a sinister intent. So whether carelessly handled, deliberately released as part of a grand plan, or simply taken advantage of by the ruling powers who want to enslave you, virtually all information about its origins, dangers, and the best methods for combatting it has presented a single, unified, often deceptive and counterintuitive narrative for public consumption.

Additionally, we can see from previously conducted “war games,” practiced by global think tanks that this 'pandemic' had been planned for, and even desired. At this point, one could perhaps say: “What difference does it make?” Because, regardless of the origins and level of planning behind this virus' spread throughout the whole world, it has very definitely been used to lead the human family down a path to total tyranny. In short, although hardly innocuous, what was, and is still being enabled though this virus is in many ways vastly more dangerous than the virus itself.

2. the LOCKDOWNS

Never in mankind's history has such a thing happened for the non-ill. In addition to the suicides, bankruptcies, and incalculable physical and mental health crises all directly attributed to the prolonged lockdowns, what was really behind these irrational measures? Let's examine some of the most-important issues.

Were the lockdowns ever really needed? While there has been nonstop, self-serving manipulation of corona virus morbidity and mortality data, there is convincing statistical analyses to assure us of the following: The disease was very rarely dangerous for children and younger people up into middle age, when, for the aged and infirm it becomes more dangerous. Overwhelming evidence indicates that the virus effects mostly those in old-age homes and people with numerous, significant pre-existing medical conditions. And while certain at-risk groups initially recorded some transient increases in mortality, the overall death-rates for the population had remained quite steady - that is, until the introduction of widespread and often compulsory vaccination efforts which have resulted in large, inexplicable increases in death rates around the world, especially among the young and otherwise healthy, plus an astonishing increase in the miscarriage rate among pregnant women. If the responsible health authorities were primarily interested in the public health, these gene-therapies would have long-ago been shelved. Since a sound medical basis is not supportable, what then are the purpose of the lockdowns? Three essential goals are being achieved by the lockdowns:

- The first is the implementation of new technology now available with respect to human tracking, and to roll out the accompanying mind control and behavioral modification schemes necessary for what is being planned for the human family, all these measures endlessly promoted by corporate media, global organizations (NGOs), governmental agencies, and the pharmaceutical industry.

- The second goal is to make you miserable and fearful, and thus willing to be vaccinated in the absence of clear medical necessity. These measures were without exception accomplished by depriving you of your basic human rights when there was no legitimate reason. Sadly, once these God-given rights are gone, they will be exceedingly difficult or impossible to recover.

- The third, but no less important goal is to weaken, and eventually destroy much of the independent business community. We have seen this through the vast numbers of small businesses forced to close due to the lockdowns, many which have never reopened. Besides an unprecedented wealth transfer to the oligarch class, these forced closures destroyed an important component of human freedom, that being financial independence which small business ownership had afforded to people around the globe

The economic consequences from these disastrous measures though were not unintended. Why, one might ask, would something so inherently destructive to the social fabric be desirable for the ruling elite, especially as millions of people are being removed from the workforce? Because a large segment of society will increasingly become more dependent on government, and therefore readily compliant with all measures demanded of them. Thus, in effect, relinquishing human rights in exchange for the promises of more “freedom” and economic security. It is a fundamentally dishonest and cynical ploy by a powerful few who regard the rest of the human family with contempt.

All the above steps ultimately serve to prepare the way for a massive “economic reset,” the very goal of which is to precipitate a financial crisis which will usher in a digital currency to be required of everyone. This deliberate and unscientific undermining of large sectors of the economy and the resultant hyper-inflation from a massive infusion of public debt serves as an essential and crucial intermediate step.

3. The Vaccine

Many of us have been vaccinated for common but potentially serious, contagious illnesses as children, such as smallpox, measles, and polio. This is true for most school-aged children around the world. Most of these older, traditional vaccines have been in use for multiple decades and appear to have reasonable safety profiles. On the other hand, there are many highly esteemed voices from the field of medicine who have been sounding the alarm on the multiple inherent risks of the covid-19 family of mRNA vaccines.

What everyone should understand is that most of the covid vaccines being promoted are not a 'traditional' type of vaccine which elicits an antibody response to a viral antigen (a tiny portion of the virus itself), but is, rather, a manipulation of the recipient's own *mRNA* (messenger RNA) which in turn orders the cells in the body to make a part of the virus itself, the spike protein: This spike protein is a part of the molecular envelope surrounding the virus. The inherent danger with this approach is that the spike protein is itself highly inflammatory and may provoke severe reactions

including blood clotting leading to stroke, heart attack, and even death: There is now overwhelming documented evidence to this effect, even among very young recipients. Additionally, many voices in the medical field are warning about long-term immunological effects to be seen in the coming years, as this spike protein “primes” the immune system and may provoke the body to attack its own tissues, this, while inhibiting your body's own natural immune response against other pathogens, including cancerous cells.

Fundamentally, the most basic question with every medication, including vaccines, can be summed up as follows: Is it safe and effective? While millions have received this family of vaccines with no apparent ill-effects, we know conclusively that these vaccines are not particularly effective, offering only short windows (weeks or months) of modest immunity enhancement; far worse, though, these gene therapies have enormous safety profile issues including stroke, heart attack, and myocarditis (the list of potential side-effects is over 1400) which should have compelled any objective health authority to ban their widespread use for most demographic groups early into the vaccination program. That, in fact, the very opposite has happened should alert every cognizant person that there are ancillary agendas at play, completely unrelated to your well-being or the public good.

What is exceptionally alarming is that what amounts to an experimental treatment with so few clinical studies (and no long-term studies) would be simultaneously demanded of billions of people, and with the full coercive power of the state, big business and the oligarch-controlled media, all with the promise that this vaccine was absolutely essential if we ever were to return to something like a normal life. When one examines the enormous amount of worldwide propaganda engaged to force this experimental therapy on the masses with no time given for thought, reflection, or careful consideration of the evidence, it should be clear at this point that there are many insidious forces at play. Otherwise, why would an experimental genetic manipulation be pushed on demographic groups who truly don't need it - children, the young and healthy, even previously infected people who have developed a robust immunity? Aside from the astronomical economic benefits for the pharmaceutical industry, very simply put, the vaccine is a necessary step to compel you to accept a health passport. Why is this? Because your vaccine passport will at some point be linked to a universal digital ID.

I would encourage you to carefully inform yourself and discuss any questions and concerns with your physician, with the understanding that comprehensive long-term studies are not yet available, and in case you experience a complication, you're on your own. If you're a parent, I would strongly advise you against allowing your children to be vaccinated with any *m*RNA therapy until there are verified and impartial studies assessing the long-term safety and potential side-effects of this type of protocol. The current data clearly demonstrates that the vaccine presents magnitudes of greater risk to children than the disease itself, as this virus almost never causes serious illness in healthy young people. Besides the significant known risks

and manifold uncertainties associated with the vaccine, what is the inherent danger of this health passport, you might ask?

Let's now explore this topic in more detail, and examine how this process incrementally leads to an irreversible erosion of all our basic human rights.

4. The Health Passport

(A digital documentation of your vaccination status)

In many places around the globe, we are already long in a state of medical tyranny: Millions have lost their jobs, been denied travel, even force-quarantined in their homes – all while not ill, and many able to clearly demonstrate natural immunity through prior infection. This fact alone conclusively demonstrates how completely illogical and utterly hypocritical the entire Covid narrative has been. You see, though, it has never really been about the vaccination itself, it has always been about establishing the means for tracking and controlling the human family: I must emphasize at this point:

***It's not about the vax;
It's about the vaccine passport.***

Long touted in the press (which means that the global elites are getting you accustomed to the idea that it is a good thing, and as well, inevitable) a health passport will, in principle, enable you to travel and shop freely. This, only after having been injected with multiple doses of a vaccine(s) which is neither safe nor effective, and for which no drug manufacturer or government entity is willing to undertake any liability. Without this pass, though, you are now effectively marginalized from society, for even children, the young and middle aged, and people who clearly do not medically need to be vaccinated will be segregated and discriminated against. We were and will be confronted with a two-tiered class system: one for the trusted, compliant citizen, and another very restrictive and discriminatory world for the sceptics.

And while a printed, paper document may initially suffice, these documents can be easily forged. So regardless of the soothing messages you might hear today, soon it will be required to have a digital passport, with an associated bar code, just like an article of merchandise, which is, unsurprisingly, how the ruling elite of this world view you. Alarmingly, without this “passport” unvaccinated people won't be able to travel, cross borders, or even do routine shopping. If this doesn't concern you, it should, because it's going to become even more restrictive when this health passport will be linked to a compulsory smart device which will contain all your life's data, as well your ability to pay. You won't want or need two devices; all important data will be stored on one device which you will be effectively forced to always have on hand. Don't worry though, there will eventually (perhaps even quite soon) be a simpler solution to this cumbersome device.

You might counter that now after more than three years most countries have relaxed or removed some or even all their vaccine requirements. While this may be true in certain places, do not be lulled into complacency. Equally, potentially much more serious disease vectors are undoubtedly waiting in the pipeline for the appropriate signal to be released on humankind, and any future response will be legally mandated by a corrupt and compromised globalist body, the **WHO** (World Health Organization), effectively removing local and governmental control of your health and handing it over to unelected bureaucrats who have allegiances to other interests. Consider as well, with the advent of the latest 'manufactured' crisis, that being worldwide food shortages, food distribution is already being carefully managed by digital IDs in many places around the globe, enabling governments to tightly control access to basic nutrition for millions of people. It requires little imagination to see how easily this could become linked to a global health passport in the event of a new emergency.

5. The Digital Identification/ID

This device will eventually take the place of all other forms of identification including driver's licenses, passports, etc. Additionally, it tracks you, collects endless data, spies incessantly, listens to you, enables your ability to pay (as cash will soon become obsolete and no longer accepted). All this will be effortlessly accomplished through your smart device. (An i-Phone, for example, or a similarly conceived device).

All your important data will be efficiently stored there which will be downloaded with your digital health passport so you can return to a "normal life." At this point you have effectively been merged with a digital tracking device which will allow you to function in society with the understanding that many entities, both private and governmental, will also have access to this data, and can therefore control what you do and how you speak. Is that possible, you might ask?

Have you ever heard of a social credit score, as has already been instituted in China? It basically determines what rights and 'privileges' you are accorded depending on how you behave, speak, and even think. If you think that this could never happen in the western world, it is already well underway, and with no push back from any agencies that you might suppose would be troubled by this development. In fact, private and state-controlled entities are very much working together to support this concept. Remember, this entire narrative is about control, and fundamental human freedoms are irrelevant to this cabal of power-hungry power brokers.

Literally everything you do, say, and even think is already being tracked and analyzed non-stop, around the clock by AI (artificial intelligence) at this very moment. Your entire web search history is saved in at least ONE MILLION different locations around the globe. Have you ever wondered why there is so little pushback from politicians, the clergy, or even the judiciary? These people, who should be working to protect their citizens and the human family, are under the constant threat of having their entire search histories and email communications leaked to the press and widely publicized.

Q: Who might be involved in such a devious and sinister plot?

A: A small group of exceptionally wicked, but utterly determined people are clearly at work on the world's stage at this time.

The most ominous and immediate danger to you is this: Access to your money (a digital currency) will at some point be controlled by someone OTHER than you! Please consider that numerous governmental agencies are closely working with big technology concerns and international bankers – mimicking many of the control measures that the Chinese Communist Party have already instituted. This cabal will at some point determine what you can do, where you can travel, and even *IF* you have access to your own money at all. It is the most frightening thing to happen since the Garden of Eden debacle.

6. De facto Slavery

Finally, we have finally arrived at the moment we've all been dreading: A total technological gulag. “1984” has come to full fruition: George Orwell, you may now take a bow. At this point, you, your movements, and access to your money in whatever form - even your ability to buy and sell - are all digitally monitored and thus controlled. Your freedom is gone, and you are now effectively a slave. Your children are slaves too, and always will be, because people wicked enough to do something this sinister will never relinquish their power willingly.

Some of you may rightly ask if this is the Mark of the Beast spoken of in the book of Revelation, chapter 13, and other passages of the Holy Scriptures: This is a fair and reasonable question. I am of the opinion that having a digital passport/ID is not, in and of itself “*the mark*” for the simple reason that accepting the mark will imply allegiance, acceptance, and yes, even worship of the one called *the Beast* in Revelation, and also the very one that St. Paul called “*the son of death*” – a true representative of Satan himself. (Holy Bible: II Thessalonians 2: 2-4)

Having said that, I would emphasize that the difference between the measures just described above, and this final step are alarmingly and astonishingly small: It is a very slippery slope indeed. Let me explain: Without the ability to have freedom of movement, to buy or sell, or even to acquire food and medical care, you and your family will be in a very precarious position, and may not even be able to function in the world, and that is exactly what the purpose of all this is about - to compel you to take a mark, and at some point to worship the beast, as a representative of the demonic forces at work in the world. Whatever constraints are forced on you though, without equivocation I cannot urge you strongly enough:

DO NOT ACCEPT THE BEAST'S MARK!

7. The Mark of the Beast: 666

“Six hundred, three score and six”

A smart device can be lost or stolen, manipulated or destroyed, but something that is a part of you, or better still *IN* you, is much more difficult to tamper with, right? It is also convenient. You need not keep anything in your purse or wallet, because your health passport, payment chip, ID, as well as all the data that you can possibly imagine will be stored here on this chip. Yes, not to worry, it's programmable. According to many working in the field of technological development, these devices will even interact with your body and measure its minutest functions – all for your safety and security, of course. We can be certain that it has an economic component because the Holy Bible clearly tells us that without it, you won't be able to buy or sell.

What is it, exactly? Many believe that this “**MARK**” may be a type of microchip that will be implanted in your hand or forehead, as suggested in the Book of Revelation:

16 He [the second beast] also caused everyone (small and great, rich and poor, free and slave) to obtain a mark on their right hand or on their forehead.

17 Thus no one was allowed to buy or sell things unless he bore the mark of the beast - that is, his name or his number.

18 This calls for wisdom: Let the one who has insight calculate the beast's number, for it is man's number, and his number is 666. (NET Revelation Chap 13)

At what point, and under what circumstances this device is finally rolled out and universally mandated remains to be seen, but rest assured that the technology is already long under development. Advanced microwave networks are now in place (5G, and others). Because of the virus, lockdowns, and the psychological priming of the human family, all of our most basic human rights have been gutted. What could possibly go wrong?

Everything. You are a slave now to your masters who control access to your money and your ability to buy and sell. You are tracked wherever you go and will be monitored by millions of cameras and listening devices. You are force-vaccinated at the whims of your leaders, and worse. Still, many people will not object. The purest form of slavery is when the slave truly appreciates what his master does for him.

Why should you not take it? I am going to come straight to the point: God expressly in his word, the Bible, forbids us from taking the Mark. Why is this? Because this Mark will at some point be clearly and unambiguously linked with the acceptance of the dark forces of the universe - perhaps a demonic image, a Baphomet, or a Luciferian image - and to this end, when you accept it you will be rejecting the God of the Bible as the life-giving creator of the universe, and effectively mocking his only son, Jesus Christ, who made our eternal forgiveness possible through his sacrificial death on the cross.

If this concept seems strange to you, it shouldn't. It's what the prophets of Old Testament wrote about, and the saints throughout the entire Holy Bible confirm to us by their writings, their lives, and their deaths, even as martyrs. Remember that what these inspired texts predicted millennia ago is being fulfilled, literally, right before your eyes. While not taking the Mark may endanger your position in the world, your livelihood, or even your life itself, still under no circumstance should you consider accepting it, because doing so will identify you as a child and servant of Satan. This is not God's will for you, nor for anyone. So, what is God's will?

God desires that all people would be saved and come to an understanding of the truth: There is one God, and one mediator between God and all of humankind, the man Christ Jesus, who gave himself as a ransom for all, thereby revealing God's eternal purposes at that specific moment in history. (1 Timothy 2: 4-6)

An Alternative to the Madness

Despite the recent pandemic and multiple crises in the world, hope still abounds. For God, through his Son, Jesus Christ, offers forgiveness of sins, new life through his life-giving Spirit, and the promise of eternal life to whomever turns to him and trusts him for their salvation.

And please do not fall into the trap of thinking that this is simply a metaphorical teaching, or some myth out of the distant past, for Jesus, the Christ, the Son of God, is truly coming back to earth again, to rule and reign as the King of Kings and Lord of Lords, at which time he will judge the wicked and demonic powers working in the world, and yes, cast them into eternal torment. (Revelation 19)

In the book of Deuteronomy, the Lord God, speaking through the prophet Moses says: ***I have set before you life and death, blessing and cursing: therefore, choose life!*** (Deuteronomy 30:19)

John the beloved, an eyewitness to Jesus' ministry, death, and resurrection explains the source of this life: ***And this is the testimony, that God has given to us eternal life, and this life is in his Son. Whoever has the Son has life; and he that has not the Son of God does not have life.*** (1 John 5:11-12)

St. John, as well, writing in his Gospel tells us: ***But to as many as received him (Jesus), to them he gave the power to become the children of God, even to those that believe on his name:*** (John 1:12)

If you are not yet a Christian, and would like to receive Jesus as your savior, I would encourage you to mindfully consider the following steps so that you have a clear understanding of what you are undertaking. If you feel inclined, perhaps even an urging to do this, do not hesitate, because it is the Holy Spirit (the third person of the triune God) who is calling you to turn toward the Lord. Please consider these following points:

First, you are an imperfect person, and unable to save yourself through your own means. The prophet Isaiah bluntly tells us that ***all our righteous deeds are as filthy rags*** (Isaiah 64:6); Saint Paul, fully understanding our precarious situation explains in Galatians 2:16: ***for by the works of the law will no one be justified***. This simply means that you can never earn your salvation by your own good deeds and piety.

Second, God loves us with a love which is far beyond our understanding and wants us to be in fellowship (a right relationship) with him: ***For God so loved the world, that he gave his only begotten son, so that whoever believes in him should not perish, but have everlasting life***. (John 3:16) The Old Testament prophets remind us that God loves us with an ***everlasting love***, (Jeremiah 31:3), and that God ***does not change***. (Malachi 3:6)

Third, Jesus, God's only begotten Son, suffered death on the cross as the means of forgiveness for our sins. St. Paul sums this up perfectly: ***Be reconciled to God. For God made him (Jesus, the one who had no sin) to be a sin offering for us, so they we would become right in God's eyes***. (2 Corinthians 5:20-21); In the first letter of John, we see how God's love is translated into grace: ***Here is love: Not that we loved God, but that he loved us, and sent his Son to be the means of forgiveness for our sins***. (I John 4:10)

Lastly, to receive God's forgiveness you need to acknowledge what Jesus did for you, and trust in him for your salvation:

For with the heart, one believes and thus has righteousness; and with the mouth one confesses and thus has salvation. (Romans 10:10)

I would encourage you to consider using the following prayer as a means of receiving God's gift of new and unending life. Of course there are no magic formulas, but God considers the earnest intentions of our heart. By receiving Jesus as our savior, we admit our sins and failings and look to him with faith for our salvation. Through Jesus' death on the cross of Calvary the way of forgiveness has been opened, and God fervently desires for you to turn to him, for ***whoever calls on the name of the Lord will be saved***. (Romans 10:13)

***Heavenly Father, thank you for loving me
and sending your only Son, Jesus.***

***Lord Jesus, I acknowledge you as my savior,
and believe that your death paid for my sins,
and that your resurrection opens the way
for a new and eternal life. Help me to turn
from my own wilfulness and misdeeds, and
always trust in you: Have mercy, Lord, on me, a sinner.***

***Thank you, God, for your gift of salvation,
and for all that you have done for me! Amen.***

Welcome home. Jesus, God's only begotten Son, came to earth for the express purpose of bringing you home: ***And this is the Father's will who sent me, that of all whom***

he has given me I should lose no one, but should raise him up again at the last day. (John 6:39) And regardless of whatever happens in the coming weeks, months and years, with respect to any future crisis, the Lord has promised *never to leave nor abandon you.* (Heb. 13:5)

For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord. Romans 8:38, 39

I would like to encourage you with a few closing thoughts. First, pray. This is simply talking to God. Thank Him for his goodness and mercy, and pray for His direction and assistance, always asking in Jesus' name.

Next, tell your family and friends that you believe in Jesus Christ. Why is this important? *Because if you confess with your mouth that Jesus is Lord and believe in your heart that God raised him from the dead, you will be saved.* (Romans 10:9); *Believe on the Lord Jesus Christ and you will be saved, and your household* (Acts 16:31) speaks of God's faithfulness to your loved ones.

Read the Holy Bible. There are many widely accepted and highly accurate translations. I would suggest that you begin with the Gospel of John and continue by reading the book of Romans. Your faith (and knowledge) will be strengthened by reading God's word: *But these things are written so that you would believe that Jesus is the Christ, the Son of God; and that by believing you would have life through his name.* (John 20:31) Avoid any material provided by various sects, as they only confuse.

Regularly attend a Christian church. I am not advising you where you should worship but would urge you to be baptized and receive holy communion in a church that believes in God: the Father, the Son, and the Holy Spirit. Pray that God would direct you in this matter, with the understanding that when you become a Christian, you become a part of Christ's mystical body on earth.

Whoever believes and is baptized will be saved; but whoever does not believe will be condemned.

(Mark 16:16)

I am the living bread that came down from heaven: whoever eats of this bread will live forever: and the bread that I will give is my flesh, which I will give for the life of the world.

(John 6:51)

God's plan is all about forgiveness and reconciliation.

- If you do something that your conscience convicts you of, humbly ask God to forgive you. The Apostle Paul reminds us that God is *the Father of mercies* (2 Corinthians 1:3)

- St. John, furthermore, gives us this important promise: ***If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.*** (1 John 1:9)
- God wants us to forgive, as well. Jesus, in teaching us the *Our Father*, encourages us to pray: ***And forgive us our debts, as we forgive our debtors.*** (Matthew 6:12) To this end, if you've hurt or mistreated someone in your life, ask them to forgive you and seek reconciliation.

I would like to encourage you with two blessings:

***May the grace of the Lord Jesus Christ,
and the love of God,
and the fellowship of the Holy Spirit
be with you, now and forever.*** (2 Corinthians 13:14)

***May God bless you, and protect you
May God make his face to shine on you,
and be gracious to you
May God look upon you with favor,
and grant you his peace.*** (Numbers 6: 24-26)

Our Father, who are in heaven,
hallowed be thy name.
Your kingdom come; your will be done,
on earth as it is in heaven.
Give us this day, our daily bread;
and forgive us our debts, as we forgive our debtors.
And lead us not into temptation;
But deliver us from evil.

For yours is the kingdom, and the power, and the glory, forever. Amen.
